

Now I know

David Llewellyn

When I loved you I didn't know
Enough that was true
And when you left
I couldn't live a day without you

I sat upon the stairs beneath
Your apartment in the square
And from gods and devils even passers by
I saw the courage do not care

Chorus A

*Cause love was everything
I wanted my world to know
Some people laugh some people cry
Some will hate but most survive
I didn't know why I was there
But I thought love was lost without my Claire
So there you go there you go*

I stood upon a barren cliff
And I looked out to sea
At first the soaring gulls and the howling winds
Spoke to me

Then time stood still
And I could see
What had become of me
That I was one that saw the worst
And couldn't let love be

Chorus

*Yes love is everything
But there's a hundred ways to love
Some people find them easily
Some people search and rarely see
It's not something to buy and own
It doesn't die when you're alone I know
Yes now I know
Yes now I know*

NOW
i know
without
my CLAIRE

When I loved you I didn't know
Enough about the world
But know that I do I learned so much
About you girl

My arms reach out without a fear
Of what could become of me
And if they close around your heart again
How happy I'll be

Chorus A

*There you go
There you go*

Old Jamaica

Charles Nicholls / Ian MacCarthy

Take me back to old Jamaica
Where the sun keeps shining down
No more time for complications
I wanna hear those palm tree sounds

I've had enough of city living
Solid rock blocking out the sky
I've got to go and find some freedom
Find a place where I can hide

Chorus

*Sail on fragile oceans
Sail on crystal seas
Sail on sweet emotions
Sail on c'est la vie*

Middle eight

Southern comfort on a magic ocean
Endless coastlines all around
Let me see those blue horizons
Let me hear those summer sounds

So take me back to old Jamaica
Where the waves glide on the sand
Where the cool winds make life easy
Where the girls are slim and tanned

Chorus

Chorus

Only For You

David Llewellyn

Last night
Though I asked a thousand times girl
You wouldn't talk
You kept your eyes away from me
Has something changed?
Don't I provoke the woman in you any more?
Has the howling wind replaced the thrill
Of making love to me?

Chorus

*Honey it's you I'm missing
Please don't ever go away
There's love in my heart are you feeling it too
Whether it's the same for you
I want you know that I love you
Only for you
Only for you
Only for you*

Sometimes
I sense the changes in your mood
And I always talk
Afraid to let you go away
Has nothing changed?
Your virgin heart
Escapes the truth of love again
Has some wild fantasy replaced the need
For making love to me?

Chorus

*Whether it's you that I'm missing
Please don't ever go away
There's love in my heart
Are you feeling it too?
Whether it's the same for you
I want you know that I love you
Only for you
Only for you
Only for you*

Middle 8

Midnight
Did you hear me walk into your room
Were you awake?
Did you feel my hands upon your face
You're watching me
I've told you all I can about the love I feel
Let your fingers dance upon my back
While making love to me

Chorus

*Honey it's you that I'm missing
Please don't ever go away
There's love in my heart
Are you feeling it too?
Whether it's the same for you
I want you to know that I love you
Only for you Only for you Only for you*

Pale Blue Persuasion

Ian MacCarthy

I'm staring at these walls again
Walkin' circles 'round my room
I thought I'd lost the pain of loneliness
Until my thoughts returned to you

A postcard sent from london
Then another sent from france
Has made me stop and wonder
Is she worth another chance

Chorus

*A pale blue persuasion is trapped in my mind
This pale blue invasion happens every time
No invitation to these memories I find
Just regeneration of the sad and hurting kind*

Middle eight

I remember when you left me
You washed the rainbows from your hair
I heard you laugh, I heard you cry
I heard say you didn't care

And when the dream is over
Long before it has begun
I'll try and walk beside you
Searching blind into the sun

Chorus

Middle eight

And the cloudy skies hang high above
The timber soaked with rain
Yet my heart is filled with longing
And my life is cursed with pain

Paradise Blues

Ian MacCarthy / Charles Nicholls

Instrumental intro

There's moonlight on the bay
Why are you so far away
There's lights dancing in my eyes
From the town of no goodbyes
Of you

Summer's gone and so are you
I'm feeling like the ocean blue
You've cast me on that lonely wave
So now there's nothing left to save
From you

Bridge

I'm tired of riding
Through your storms
A shipwreck lying
On the shore of you

Middle 8

I'll wait for the morning tide
To take me to a paradise
With a breeze blowing through my mind
I can leave the past behind
Of you

There's moonlight on the bay
Why are you so far away
There's lights dancing in my eyes
From the town of no goodbyes
Of you

Of you (paradise - no goodbyes)
Of you (paradise - no goodbyes)

Peace Of Mind

Charles Nicholls & Ian MacCarthy

You know I can't forget you girl
When I know there was a special love between us
And I can't forget the words
When you ran to me and said you'll always love me

Chorus

*But loneliness has had it's time
And I'll have to make up my mind
So I'm gonna find peace of mind*

I can't forget the time
When you came to me and told me you were leaving
And I can't forget the hurt
And how nothing I could do would stop the bleeding

Chorus

*But loneliness has had it's time
And I'll have to make up my mind
So I'm gonna find peace of mind*

3. But I won't forget the times
When you smiled because you knew how much I loved you
And I can't forget you girl
When I knew there was a special love between us

Chorus

*But loneliness has had it's time
And I'll have to make up my mind
So I'm gonna find peace of mind*

Refrain

Can't forget you girl (can't forget you, can't forget you)
Can't forget you girl (can't forget you, can't forget you)
Can't forget you girl (can't forget you, can't forget you)
Can't forget you girl (can't forget you, can't forget you)
Can't forget you girl (can't forget you, can't forget you)

Rainbows

David Llewellyn / Ian MacCarthy

There you go building rainbows in the snow
Right there inside the walls you hide behind
Let's not speak about the things that you can't change
Because you can't change the way you feel

There you are still pretending you don't care
I know the truth my lonely one
Let's not speak about the things that we can't change
Because we can't change the way you are

Chorus

*But when the sun goes down take me away
To where you hide until the brand new day
And together we'll face the darkness
Huddled against the madness, you'll see*

Here we dance as a pale moon lights our way
There we walk hand in hand
Let's not sleep until we hear our angels speak
Because I can't sleep without you now

Chorus

Middle 8

Here we are as sunlight breaks the spell
Hear our promises not kiss and tell
But let's not speak about the things that we can change
Because I won't change you for anything

Chorus

Chorus

Redwood Forest

David Llewellyn

There's a light that shines in a Redwood forest
and it makes me think of you
and every time i'm there and i see it shining
i want so much more of you

Li li li li li li ooo oo

Chorus

*and every time we meet
i get a sense of you
and every time we speak
it draws me close to you*

There's a flower that blooms on a desert island
it reminds me a lot of you
and from the sandy earth to the furthest heaven
there's no one for me but you

Li li li li li li ooo oo

Chorus

Middle 8

There's a storm that brews in the north atlantic
and it blows right through to you
from the dark'ning skies and the flashes of blue
it draws me closer to you

Li li li li li li ooo oo

Chorus

Shadows

David Llewellyn / Ian MacCarthy

I know your fires are burning low
Smoke fills the evening sky
Shadows playing games beneath the sun
Never letting go
Singing birds play their love songs
Never ending shows
Your captured heart is humming low
When will it let you know

I know the sun is falling fast
You fear this darkening sky
Friendly shadows disappearing
There's nothing left you know
A haunting voice pledges it's love for you
How could it ever know
That your flattered heart is racing so
When will it ever slow

Chorus

*Don't let me go again
Don't let me go again*

I know the night is scaring you
Befriend florescent light
Artificial safety follows you
Wherever there is life
A wild storm teases the fear in you
With momentary fright
Your romanced heart has lost it's glow
You thought it wouldn't go

Wake up the sun has risen now
Evaporates the dew
Butterflies caress the daffodils
Colours amazing you
Singing birds play their love songs
They want you to know
That the night has gone and I am here
There's nothing left to fear

Chorus

She's Like The Rain

Charles Nicholls / Ian MacCarthy

She's like the rain
She comes and goes
And no one knows

She's like the stars
She shines at night
A distant light

Chorus

*She never says where she's going
High on a wave she sails away
Sail away with me*

She's like the clouds
She floats on by
On a painted sky

Chorus

*She never says where she's going
High on a wave she sails away
Sail away with me*

She's like the wind
She never hides
She never cries

She's like my tears
Just seventeen
On a sea of dreams
On a sea of dreams

Slow Down Angel

David Llewellyn

What are you saying don't tell me you're leaving
I hear what you're saying but I don't understand
There's no place I know of
For people like you love
And people like me to be

Slow down angel stay until morning
Come back to bed now and talk to me
There's no better place love
For people like you love
And people like me to be

Chorus

*You think it's easier to tell me on the phone
What's done is done you have to run
And leave me all alone
And if you ever change your ways
I'd have you back again back again*

Slow down angel listen it's raining
This tin roof is playing our song for you
There's no sweeter sound of love
For people like you love
And people like me to hear

What are you thinking come share your secrets
Stop what you're doing and talk to me
There's no better place love
For people like you love
And people like me to start

Chorus

Chorus

Refrain

I'd have you back again
I'd have you back again

Solitary Moods

David Llewellyn

I've never been in love like this before
Never had so much still wanted more
I've never been in love like this
Never been in love like this

I've never been so sure that it will last
All your pain and tears are in the past
I'd never hurt a girl like you
Never hurt a girl like you

Bridge

Are you afraid that this love could end
That I might be like other men
My love comes creeping through your solitary moods
Like some long lost friend

Have you always felt so insecure
So mysterious and so unsure
Have you ever been in love like this
Ever been in love like this

Bridge

Chorus

*I won't go treating you unkind
Like you're some kind of fool
You know I've never been in love before
With a woman like you a woman like you*

Middle 8

I've never been in love like this before
Never had so much still wanted more
I've never been in love like this
Never been in love like this

Bridge

Chorus

Chorus

A woman like you
