

# Someone We Know Is Crying

David Llewellyn

I'm not seeing things no one else has seen  
Some say the worlds the way it's always been  
But there's something about this world  
That gets me going every time  
Peace and love are mountains too high to climb

## **Chorus**

*You don't know what it means to me now  
To be lying in your arms like this  
When someone we know is crying  
Someone we know is hurting  
Someone somewhere is dying  
All around children crying themselves to sleep*

Read the paper put your head in the sand  
It's all too clear but no one understand  
But we weren't born to the world to be ruled  
By presidents, kings and fools  
Who quote their gods in heaven to make war

## **Chorus**

Brave men speak and sometimes brave men die  
It seems the only way to expose the lies  
Cause we weren't born to this world to be ruled  
By presidents, kings and fools  
For whom peace and love are mountains to high to climb

## **Chorus**

# Song For A Broken Soul

Lyrics: Chance Myers

Music: David Llewellyn

Arrangement: Ian MacCarthy

I live within the shadows  
I hope for a glimmer of light  
Riding waves that are made of glass  
Upon this crystal sea

For hours I carve a block of ice  
To relieve an aching heart  
And in the time I spend  
There grows a faint desire  
To break away, lead you astray

## **Chorus**

*I'm searching for a peace  
To mend my broken soul  
My nights and days are empty now  
And they sound like the wind  
They sound like the wind*

I hear someone call my name  
I stare at a silent clock  
Then I run to you  
And hold you in my arms  
A light-filled heart  
A brand new start

## **Chorus**

*I'm searching for a peace  
To mend my broken soul  
And for you and I  
I shatter the glass  
And I hand you a diamond dream  
I hand you a diamond dream*

# Sparrow In The Willow

David Llewellyn

When it's raining here  
And I'm writing songs for you  
If I don't hear from you  
I'm lonelier than a sparrow in the willow  
And on a beach somewhere  
You scan the far horizons  
And when you don't hear from me  
You're lonelier than ever it's the truth  
Lonelier than ever it's the truth

## **Chorus**

*It's about love*

*It's about friends*

*It's about you*

*it's about me*

*It's about the things we didn't see*

When it's winter here  
It's summer dresses in the city  
And you don't understand the time I spend  
Watching embers in a fire  
And when it's winter there  
The sun shines here till midnight  
And you are by yourself  
Pretending that my pillow is speaking  
Lonelier than ever it's the truth

## **Chorus**

As you play my songs  
You recall how well you knew me  
You shed a tear or two  
Remembering your sparrow in the willow  
When I think of you  
It's all bright lights and fashion  
And all the things I feel  
Get drowned out in the madness of the traffic  
Lonelier than ever it's the truth

## **Chorus**

**Chorus**

# Special

David Llewellyn / Ian MacCarthy

A mother sits alone by a small bed  
And she wonders, she wonders  
About her baby boy asleep  
And all the dreams she now has to keep  
Inside herself inside herself

## **Chorus**

*Will he be loved by this world  
Will he know all his mother's love  
The joy that he brings each morning for just being him  
Will he laugh will he roam will he leave your home  
And when he does like a boy must  
It's going to break her heart*

A mother tries she counts her blessings  
And tells him, she loves him  
And each year that passes by  
To see the world through his young eyes  
Is all she knows, is all she knows

## **Chorus**

A mothers wait is almost over  
She's smiling she's crying  
Like a butterfly from her hands  
Watches her boy becomes a man  
This was her dream this was her dream

## **Chorus**

# Stormwinds

Lyrics: Chance Myers

Music: David Llewellyn

Arrangement: Ian MacCarthy

My home's behind the troubled seas  
And the clouds above are dark  
A storm is brewing as my path goes through  
The howling winds and lightning start

## **Chorus**

*My vessel is unprepared  
For what lies ahead of me  
So I look to the sky for signs of stars  
Wild shadows brew and whip the sea*

The pounding waves do crash and fade  
As I wander neath the darkend skies  
Friends around me, keep my hopes alive  
Strong of heart and spirits high

## **Chorus**

Suddenly light shines all around  
As the shadows all dissipate  
Then I turn to see the loving smiles  
On the faces that once saw fate

## **Chorus**

A star above now guides our ship  
To horizons both calm and safe  
Our families wait for our safe return  
Warm embraces are what await

## **Chorus**

# Stronger Deeper

David Llewellyn

Sometimes my touch fell on cold skin  
Sometimes my words weren't enough  
And once in awhile when you stayed awhile  
I prised upon your heart with a smile

## **Chorus**

*'Cause love is  
Stronger than all the armies of the world  
I love you still I do I do  
'Cause love is  
Deeper than all the oceans of the earth  
I'll love you still I will I will I will*

Often my gaze fell on closed eyes  
Often my thoughts said to much  
But once in awhile I thought it seemed  
We never lost our sweet dreams

## **Chorus**

Silent my fingers soft on your skin  
Gentle my words in your ears  
Tender my lips wanting you still  
I won't let you go until

## **Bridge**

You hear the words  
That I've been practicing  
To silence all your heart's wondering

## **Chorus**

*Cause love is  
Stronger than all the armies of the world  
I love you still I do I do  
I do*

# Summer Ladies

Charles Nicholls / Ian MacCarthy

Summer ladies came in from the night  
Summer ladies left those winter days behind  
Those days behind  
Those days behind

Summer ladies bring back our dreams again  
Summer ladies like sunlight through the falling rain  
The falling rain  
The falling rain

## **Chorus**

*And when those days start turning cold  
I'll know you're they're for me to hold*

## **Middle 8**

Summer ladies please come out to play  
On a summers day and melt our cares away  
Our cares away  
Our cares away

## **Chorus**

*And when you're gone  
Don't know what we'll do  
When those icy winds start calling you*

Summer ladies please come out to play  
On a summer's day and melt our cares away  
Our cares away  
Our cares away

SUMMER LADIES  
SOMERSET, OH AND RHODE

# Take Me Back Slowly

David Llewellyn

Take me back slowly to the places I remember  
To the places I haven't seen for so long  
Take me back slowly to the feelings I've forgotten  
Take me back slowly again

## **Chorus**

*Cause I remember all the things you did for me  
The sweet way you looked in my eyes  
And you've a funny way of knowing what is wrong in my life  
When you look into my eyes*

Turn your back slowly on the love you still remember  
To the dreams you've kept alive for so long  
Turn your back slowly on this man who once loved you  
Turn away slowly again

## **Chorus**

*Cause I remember all the things you did for me  
The sweet way you looked in my eyes  
And you've a funny way of knowing what is wrong in my life  
When you look into my eyes*

take me back slowly

# That Final Kiss

David Llewellyn

Sometimes my touch fell on cold skin  
Often my words weren't sweet enough  
How could I replace a love like this  
So I lived in fear  
Afraid to taste your final kiss

Lost was the fun from just waking up  
Gone were the clothes hanging on my door  
How I could've loved you anymore  
What hint of life exists behind a concrete door

## **Chorus**

*Where did our love go  
You were the only one  
When my heart was young so very young  
And not till I let you go  
Did I learn the truth  
And my heart was free to love again*

I gave you choice to choose the things you need  
And your happy face is all I need to see  
No one can own a love like this  
And if I must I'll gladly taste that final kiss

## **Chorus**

Look at you now you look radiant to me  
It's there in your smile scattered for all to see  
How could I replace a love like this  
I lived in fear afraid to taste your final kiss

## **Chorus**

# THAT FINAL

# The Crescent Moon

Ian MacCarthy

The waves rolled on the water  
Like wind blown ships of doom  
And the wind seduced her  
As she stared at the crescent moon

She'd lived a life of circles  
Her feet never touched the ground  
Yet she lived inside a paradox  
Like a child on a merry-go-round  
And around  
And around  
And around

## **Chorus**

*So she danced  
Under the moonlight  
And she danced her cares away  
So she danced  
Under the moonlight  
Until tomorrow became today*

She was trapped in her illusions  
She was in a bottomless well  
And the further that she climbed  
The further she fell

She was lost inside a hologram  
Because of love's first bite  
She was in her own dimension  
A dimension of perpetual night  
Of night  
Of night  
Of night

## **Chorus**

**Chorus**

# The Farmer

David Llewellyn

In the time left to wonder at the dealing of the hands  
You could have been a farmer still of brown and barren lands  
Your fighting done your hymns are sung  
You've done your best I'd say

Seen all the profits the dreams and the greed  
And watched the world exploding with mouths it will not feed  
Lessons learned but nothing gained  
You've done your best I'd say

## **Chorus**

*Where's the great big flood to put the fires out  
Where are the southern fronts to drench the land  
And when the old dog died the old man cried  
And the last of the good ones moved to town*

In the hour before closing at the end of your watch  
You spin your tales and reminisce about the things we all have lost  
The bank has come and the gates are locked  
You did your best I'd say

## **Chorus**

## **Chorus**

## **Chorus**

*Where's the great big flood to put the fires out  
Where are the southern fronts to drench the land  
And when the old dog died my old man cried  
And the last of the good ones moved to town*

# The Light At The End

Lyrics: Joanna Sledzinski / Ian MacCarthy

Music: Charles Nicholls / Ian MacCarthy

The time has come when you'll see the light  
The sun will shine and the stars burn bright

The rivers flow and the children play  
Then I'll see your love and you'll hear me say

## **Chorus**

*See the light at the end  
The kings reign on high  
The freshness of youth  
The light as it shines*

Then we'll look beyond the edge of sky  
Those crimson flames will say goodbyes

Now take my hand but don't look down  
Cause you'll hear the lights and see the sounds

## **Chorus**

## **Middle eight**

## **Chorus**

The time has come and you've seen the light  
And the sun did shine all the stars burned bright

But the ocean child has flown away  
Now you've seen my love and I've heard you say

## **Chorus**
